

ENTERTAINMENT BY LUKE

Bio

Luke's performed in the Entertainment Capital of Las Vegas and surrounding area since 1993. His mission is to give audiences what they want. Given his musical experience, knowledge, and talent, he typically achieves that goal.

Classic Rock and Country, Blues and Motown, Big Band, Island and Gospel music have all been huge influences, but, if a Showtune, Polka, Disco or Bluegrass tune is requested, Luke can, still, capably accommodate. Add some impressive original music and it's easy to why his act's been called "eclectic."

Luke's tribute to Marty Robbins has been featured in shows at Whiskey Pete's and Gold Coast casinos.

Entertainer at Lake Mead Resort & Marina' for over 12 years.

By some with stricter musical parameters, he's referred to as "Lake Mead's answer to Jimmy Buffett" with 100s of performances on the water. Still, those who've seen him perform a pure Classic Rock or Country Show know, he's more than "just a Cheeseburger In Paradise!

As a tribute artist, Luke's entertained packed houses in the 300-seat showroom of the Gold Coast Hotel & Casino. But, his solo act highlights Luke's overall musical virtuosity and is no less tribute to a wide variety of popular artists, including Elvis, Sinatra, and Hank Williams.

The act's been featured in casinos, clubs, restaurants, lounges, events and parties throughout Southern Nevada. As a one-man-band, Luke's personally hand-crafted backup and sound is second to none. And, with modest personal charm, his talent as an entertainer, singer, songwriter and musician endears the act to audiences wherever there's Entertainment by Luke.
